

Third-Going-To-Fourth Grade Summer Work Packet

Research shows that during the summer, students lose about 1/3 of what they have learned if they do not continue using their acquired knowledge. In an effort to avoid the “Summer Slump” students are asked to follow the reading and math summer work. It will count as their first grade in the fall. Copies of summer work and forms can be found on the SJA school website under Third Grade on the **Summer Work** Tab.

Cursive Writing:

Practice! Practice! Practice! There is a cursive writing packet to complete, and also 3 pages of their most common capital letters. Cursive writing is the primary way students write in 4th grade. Practicing will make the transition smoother.

Reading:

Read 10 books and enter them on the **Summer Book Log**. There are also 2 “Reading Mysteries” that cover language usage and comprehension.

Online book options:

- Harford County Library
 - Overdrive
 - Cloud Library
 - Hoopla
- International **Children's** Digital Library
 - Oxford Owl
 - Storyline **Online**
 - Open Library

Math:

Please complete the 4 “Math Mystery” packets. My suggestion would be to complete 1 mystery within 2 weeks. ABCYA.com and IXL.com are also great resources to practice math skills and concepts.

Due date:

The summer work packet is due the first day of 4th grade.

It is counted as your child’s first grade

Hope you all have a wonderful, relaxing summer!

Mrs. Camarota
